## GASTROENTEROLOGY AND HEPATOLOGY

Dear Patient,

As I'm sure you are aware, the advent of managed care has significantly changed the practice of medicine over the last several years. Insurers have assumed control of the doctor-patient relationship, too often dictating the level of care. At the same time, reimbursements to physicians for these services have been steadily decreasing while expenses are increasing. Many physicians have opted out of "in-network" contractual arrangements with insurers in order to preserve the level of care they were trained to give their patients.

We are proud of the high quality of care we deliver and spend as much time with patients as they need. In order to maintain the efficiency of our practice while accommodating all of our patients, we see patients by appointment. We ask that you respect our time by canceling an appointment when you find you cannot make it, and we ask that you give us at least a day's notice.

**Any cancellations made with less than one day's notice will be charged \$100 if an initial consultation and \$50 for a follow-up visit.**

Please sign below to indicate you have read, understand and agree to the above.
